If interested he is in the South Coast area and can be contacted direct on Mobile Phone 0449562727.

Jim Hennington is with us tonight and tells us about his various riding tours with Ferris Wheels, a tour company which specialises in up market riding in most countries of the world. Jim has completed 25 yes 25 overseas tours with the group and recommends them to us. He suggests that should the opportunity arise a trip of this kind should not be missed. An additional raffle will be run in conjunction with the Rally this year, with 100% of the proceeds going to the Orange Ronald McDonald House project. A Central West Branch member was fortunate enough to attend the Isle of Man TT Races this year and managed to procure some great memorabilia as prizes. Details are on the accompanying brochure, and we will be grateful for any support entrants may be able to make to this very deserving cause. The raffle will be drawn at the Presentation Dinner.

If additional copies of the Entry Form are required, it would be greatly appreciated if these could be copied, alternately we will gladly provide extra copies on request.

## OCCASIONAL COMMENTS

The run on 12/10/14 to Peat's Ridge was in glorious weather, but only about 10 of us made the ride, probably too much choice on this weekend as it clashed with the Bathurst race meeting and Maitland swap meet and the Velocette Rally and the Norton gathering. But those of us that made the run enjoyed good riding weather as we rode from Berowra to Peat's Ridge for the stop at the corrugated café. Always a good spot for coffee and a feed, this was my second run there in 2 weeks, having been there the previous week on a Velocette club run. The rides were quite different as the Velocette run was on the Saturday of a long weekend. With double demerits in force, the run up the old road was quite sedate and always with an eye out for the law. While the CEMCC run was on a Sunday of a normal weekend, probably more traffic on the road, but riders were willing to push on that little bit more.

The old road is now very much a slower run and one of the greater hazards is MAMILs (Middle Aged Men In Lycra) on their pushbikes. In fact, for the Velocette run, we delayed our start as we were told that there had been an accident between a car and a cyclist not far up the road and there were ambulances and police cars heading to the scene. On the CEMCC run I managed to avoid the MAMILs but got one fright as I came up a blind uphill left turn to be confronted by a couple of slow cyclists taking most of the lane.

I noticed on the Old road there are a number of people stopped on curves taking photos of bikes as they come through, not sure what this is all about but there would have been 5 or six spots both rides where there were people filming.

If you stayed home, that's another great riding day that you will never get back, I hope you enjoyed the mowing or shopping or whatever you did while we enjoyed the ride and company of like minded enthusiasts. I am pleased with the Trident I took on the run, it managed something the Ducati it replaced never achieved and that was a run up to the central coast and back still running sweetly on all cylinders and without breaking anything. I had my doubts about the Trident when the rectifier failed, the speedo drive disintegrated and the front master cylinder gave problems on its 3 previous runs, but after replacing those parts she has come through unscathed this time – happy days

Following the run there was plenty of time to catch most of the Bathurst 1000 race and wasn't that was a strange race with stoppages, crashes galore and excitement to the last corner. I had it on record and was able to skip the ads and most of the boring bits, but even so managed to catch up to live TV for the end of the race.

I didn't get to Phillip Island for the GP's but good to see Valentino Rossi have success after the hard years at Ducati. I did another ride that Sunday, this time a MTRPMCC event, while I am a member of this club too, there is an open invite to the CEMCC to attend their runs. About the only person I know who regularly took advantage of this was Dave Smith. But for the rest of the club, if you are looking for a club run on a sunny day and there is not a CEMCC ride, it could be worth checking if there is a run on with one of the many clubs which we have reciprocal ride arrangements.

Over a short period I have been to the CEMCC Rally, a Velocette club run, a CEMCC run and a MTRPMCC run. I think I have exhausted my points at home for days out, so I thought I should try to spend a couple of weekends at home, hence I missed the club run to Thirlemere, having been there only the week before. I hope it was well attended; the weather was good if getting a little warm, the mild spring weather can quickly turn to stinking summer weather, so make the most of the runs if you can.

I made it to the St Alban's run 1/11/2014, but missed the start and played catchup until I caught the group waiting at the Webb's Creek ferry. About a dozen bikes made the run and enjoyed the perfect weather on the way there. It's a lovely ride and a pleasant place for a stop, but if you lingered too long could have caught a bit of rain on the way home. Food and drink can be a hit and miss affair at St Alban's so many of us had packed a thermos and a snack (just like the old days), but the pub was on its game and others managed to get a coffee from there. I had been up late and was coming down with the flu so I headed home early and missed the storms. I also missed the Vincent's that also had a run to St Albans that day. Apparently Terry Prince's "Bonneville" bike made an impressive sound when started a couple of times.

## CEMCC SHOW DAY 21<sup>ST</sup> SEPTEMBER 2014, COOPER STREET RESERVE, ENGADINE.

The weather Gods were very kind to us again this year, as a bumper crop of motorcycles filled the area reserved for us by the council. Bernie, Terry, Barry, Merle and the many other volunteers from the Illawarra Branch made sure that things ran smoothly and deserve a huge vote of thanks. Thanks also to everyone who exhibited a bike; this event gives members and other owners an opportunity to show their machines to the public, as well as meeting up with old and new friends each year. Although this annual event runs at a slight monetary loss, the object of the exercise is public relations and recruitment, and as such we had 5 new members sign up and as many took details, the late Ted Conran would have been very satisfied with this result and a trophy was awarded in his honour this year. Congratulations to the award winners listed below in random order.

### BILL MORRIS 1919-2014

Wollongong's own racer, tuner & motorcycle retailer passed away on 19<sup>th</sup> Sept. Born in 1919, Bill started off in the mines at Wongawilli and carved out a fine reputation as a gun racer in various disciplines post-war on many different Marques. Members will remember Bill as a former President and life member of Wollongong Motorcycle Club, or on the mighty BSA Bantam which is now housed at the Bathurst Motor Racing Museum, as well as his shop in Corrimal which he ran for over 30 years. Our sincere condolences are offered to Bill's family.

### MEGALONG VALLEY, SUNDAY 9 NOVEMBER.

What an excellent turnout for the ride today for the ride to Megalong Valley. 17 bikes turned out to the leave point at Maccas Kellyville Ridge, with a mix of plated and modern bikes. We headed out through the Grasslands with a regroup at Bilpin. This was as far as couple of riders went due to other commitments. We then headed to Bell where Chris O'Carroll headed home to babysit!

The weather really turn it on, a great riding day and even more pleasing was the traffic was not too bad.

We all made it safely to the cafe at Megalong and were then joined by Denis Gardiner and his wife on the Harley and then Rod and Faye rolled up on the Bonnie. The turnout was getting better! The Cafe did a good job with lunch in pleasant surroundings. Some riders had never been to Megalong, so the trip opened up new horizons for some. We arrived at 11am and started heading home about 12.30pm.
